Hosted by Crooked Creek Pistol League

Match Director: Bretton Rebol

Range Master: Paul Hernandez

Welcome

I would like to welcome everyone to the 2019 USPSA Ohio North Section Championship, the Battle for the North Coast presented by Champion Precision Firearms.

Please take time to thank all Match Staff because without them, we would not be here today to enjoy a good match.

I hope that you will all enjoy the stages that we have constructed for you and hopefully have your skills tested during the course of the match.

Thank you,

Bretton Rebol

Match Director

Range Safety

Crooked Creek Pistol League is a **COLD range!** All gun handling may only be performed at a SAFETY AREA or while under direct supervision of a Range Officer.

Safe Tables:

Safety Areas located around the facility designated by signs and caution tape. NO Ammo may be handled at a Safety Area. Doing so will result in a match DQ per rule 10.5.12.

Your car is **NOT** a safe table, handling your gun at your car will result in a match DQ per 10.5.1.

Do not climb on berms or cross any safety lines.

All competitors as well as guests must wear eye and ear protection while on the ranges.

Match Briefing

THESE POLICIES ARE JUST AS IMPORTANT AS THE RULES. YOU ARE EXPECTED TO READ AND UNDERSTAND THE ENTIRE CONTENTS OF THIS MATCH PUBLICATION. QUESTIONS WILL BE ANSWERED AT THE SHOOTER'S MEETING.

COLD RANGE...Crooked Creek Pistol League is a cold range. Firearms will not be handled anywhere on the range except in designated safety areas or under the direct supervision of a certified staff Range Officer. Handling firearms in parking areas is deemed unsafe gun handling (Rule 10.5.1).

SAFETY AREAS...Safety areas are located around the range to unbag and holster or unholster and bag guns and also for dry fire practice and gun repair, etc. No ammunition may be handled in any safety area. Safety areas will have a generous 'foot-fault' box immediately behind the table area. If you are standing completely in the box, you are considered to be in the safety area (Rule 2.4).

RULES...The match rules are found in the USPSA Competition Rules, January 2019 Edition.

OBEY YOUR RO's...Range Officers are here to assist you in completing a safe shooting contest. If there are indications that you are becoming unsafe, attempts will be made to warn you. If your gun handling has become unsafe, you will be stopped. When you hear **STOP!**, immediately cease firing, stop moving and wait for further instructions from the Range Officer (Rule 8.3.5).

SET STEEL & TAPE TARGETS...Competitors are expected to stay together as a squad, to tape, set & paint steel, and help maintain efficiency on each stage.

LOST BRASS...As a matter of efficiency, all brass collected from the Crooked Creek Pistol League range is deposited in the designated range pail. Brass is distributed to the range officers at the conclusion of the match in consideration for their hard work.

ALCOHOL/DRUGS...Alcohol and recreational drugs may **NOT** be consumed anywhere on the range. Competitors violating this policy will be disqualified and asked to leave the range (Rule 10.7).

DRESS CODE...Practical shooting is a sport. No offensive clothing, military camouflage outfits (excluding active duty military), controversial slogans or other items of dubious taste are to be displayed or worn. The Match Director will be the final arbiter of dubious taste (Rule 5.3.1).

SCHEDULING...Competitors must compete for score according to the published match and squadding schedule. A competitor who is not present at the scheduled time and date for any stage may not attempt that stage without the prior approval of the Match Director, failing which the competitor's score for that stage will be zero (Rule 6.5.1).

Occasionally, stages will clear squads early. If your entire squad is available and the CRO approves, the squad will be allowed to shoot ahead of schedule only on the scheduled date.

TARGETS...Cardboard USPSA targets, USPSA Pepper Poppers and USPSA Mini Poppers are used in this match. No-shoot targets are white.

METAL TARGET CALIBRATION...If a steel target has failed to fall and appears to be out of calibration, challenge it before scoring begins. It will be checked and if re-calibrated, a reshoot is required for that stage. If a popper has been shot down, it is asserted to be calibrated. The calibration ammunition, as fired through each designated handgun, is checked each day to a power factor between 115.0 and 125.0 (Appendix C1).

HANDICAPPED SHOOTERS...Competitors may request a penalty in lieu of the stated course requirements by reason of incapacity of previous injury. This must be requested prior to shooting the stage. The Range Master or the stage CRO only will accept any such requests and the Range Master will make the decision as to what penalty will apply.

ARBITRATION...Arbitrations are initiated with the presentation of a \$100 cash fee and the completed arbitration form delivered to the Range Master within one hour of the incident. Forms are available from the Range Master. Appeals will not be accepted after the one-hour filing time has lapsed. Please read and comply with the provisions of Chapter 11 in the USPSA Competition Rules, January 2019 Edition before filing.

COMPETITOR AGREEMENT... By competing in this event, you attest that you have read, understand and that you agree to comply with the match rules and regulations.

DRAWINGS & DIMENSIONS...Drawings and dimensions shown in this booklet are approximate and may change due to safety or production considerations. There may be additional no-shoots, vision barriers, or other changes. Inspect each stage carefully and listen to the written stage briefing (WSB).

INSPECTION...When the entire squad is assembled at the scheduled time, a brief written stage briefing will be given, followed by a five-minute inspection and question period. Shooters at their scheduled stage may negotiate obstacles only during the five-minute inspection period. The on-deck competitor **ONLY** may additionally negotiate obstacles while the previous competitor's targets are being scored. Early inspection of a stage is permitted by competitors **only** if a squad is not currently on the course of fire or getting ready to begin it. Do not operate any of the moving targets or props that activate such movers. If the RO staff is present on a stage, please extend to them the professional courtesy of asking before inspecting the course of fire.

TIME TO SHOOT...The range is closed to all regular competitors prior to the scheduled match opening **June 28, 2019**, and daily after 6:00 PM. (Friday All-Day competitors who check in Thursday afternoon may inspect the stages at that time.) Friday, Saturday and Sunday we will start shooting at 8:00 AM.

When called to the line, competitors are expected to load and make ready quickly. Shooters not ready within a half-minute prep time may be asked to move aside for the next competitor.

OFF LIMIT AREAS...Safety flagging will identify areas beyond which competitors and spectators are prohibited for safety reasons.

EYE & EAR PROTECTION...All competitors must wear eye and ear protection while on the line. Eye protection is required to be worn by **everyone** while on the range (Rule 5.4.1).

D.Q. POLICY...Violation of safety or sportsmanship rules anywhere on the Crooked Creek Pistol League facility will result in match disqualification. This applies to fun shoots, vendor tent, function fire and sight-in areas as well as the match stages.

CHRONOGRAPH...The chronograph is scheduled after Stage 10. Report to the chronograph with the rest of your squad as indicated in the squadding schedule. Ammunition may be tested twice. Once when you report to the chronograph, and also by random sampling. If you are randomly selected to be re-tested, you must report to the chronograph the same day. Ammunition must make declared power factor at all times during the match. If you fail to report to the chronograph for the scheduled test or after a random sampling, your scores will all be recorded as scoring minor if you declared major, or zero if you declared minor or you are shooting Production, Carry Optics or PCC.

At the chronograph station, do not handle your gun until instructed by the RO. You will be directed to place your unloaded gun on the shooting bench, slide/bolt locked back (if possible), or cylinder open, muzzle pointed down range. The RO may require that several fouling rounds, supplied by you, be fired into the berm under his direction before actual chronographing begins. Once the RO begins chronographing your ammo, you may not add, adjust, or alter anything on your gun until after chronographing is finished. If the RO notices your gun does not meet safety criteria (inoperable safety, doubling, etc.), the Range Master will be called and you will not be permitted to continue in the match until the gun is rechecked and proven safe (Appendix C2).

Match Protocol

The 2019 Ohio North Sectional Championship has been approved as a Level 2 match and will be scored with the Following divisions being recognized:

Open	Production	Revolver	Carry Optics
Limited	Limited 10	Single Stack	PCC

Interim scores will be posted to Practiscore.com and final scores will be uploaded to USPSA.org at the conclusion of the match.

Trophies will be awarded to the winners of all Divisions. Trophies will also be awarded to:

First in class M through D (minimum 5 shooters)

Second in class M through D (minimum 10 shooters)

Third in class M through D (minimum 20 shooters)

High Lady – minimum 5 in division

High Junior – minimum 5 in division

High Senior – minimum 5 in division

High Super Senior – minimum 5 in division

The match will be administered under the USPSA Handgun Competition Rules, USPSA Edition, January 2019.

All competitors must be *current* members of USPSA. Your most current class will be used for the division you are competing in. If you do not have a classification in the USPSA classification system, you will shoot unclassified. Shooter classifications will be verified and updated prior to the match date.

Any challenge to a score or penalty must be appealed to the Range Master by the competitor or his delegate prior to the subject target being painted, patched, or reset, failing of which, such challenges will not be accepted.

If you have a question regarding your posted score, recheck your score sheet. If you think there is a problem, contact the Stats Officer. We will do everything possible to avoid errors, but you are ultimately responsible for the accuracy of your score.

The arbitration fee is \$100. Ask the Range Master for an Arbitration Request Form and ask for assistance in retaining evidence.

Complete and return the form within one hour of the time noted on the score sheet, together with the arbitration fee, to the Range Master.

Match Procedures

Stage Inspection: When the squad is assembled, the Written Stage Briefing (WSB) will be read after which the competitors will be given a 5-minute walk-through. Once the walk-through is completed, ONLY the on-deck shooter will be allowed to negotiate the course of fire while the previous shooter's targets are being scored. Early inspection of a stage is permitted by competitors only if a squad is not currently on the course of fire or getting ready to begin. Do NOT operate any of the moving targets or props. If the RO staff is present on a stage, please extend them the courtesy of asking before inspecting the course of fire.

This is a LOST BRASS match. Brass is distributed to the range officers at the conclusion of the match in consideration for their hard work.

Shooters are expected to come to the line with their gun holstered (PCC is flagged and bagged or carried muzzle up) and ammunition in place when it is their time to shoot.

Rain covers will be used if there is rain only by order of the Range Master. The covers will be removed when the rain stops, only by order of the Range Master.

Miscellaneous

Parking: Please do not park in the area designated for the staff. We also recommend car-pooling to help us make sure we have room everyone attending.

Restrooms: There are porta-johns located at the ranges. There is one designated for the LADIES and the handicapped, please be courteous and observe this request.
